INCREASE IN "RACE ATTACKS"!

HOME OFFICE "WORRIED"

A recently released Home Office report has revealed that racial attacks have dramatically increased in the last year, especially in our major cities. Home Office officials describe the situation as "worrying".

What is also "worrying", is the fact that the Police only seem to award "Racial Attack" status to crimes of violence by Whites on Blacks, rarely the other way round.

When gangs of Black "Steamers" attack and rob a trainload of mainly White passengers, it's NOT A RACIAL ATTACK.

When Black Youths beat and rob a White old age pensioner, it's NOT A RACIAL ATTACK.. When two Black men keep a White women captive on a train until they reach a quiet station, and then rape her, It's NOT A RACIAL ATTACK..

No, Racial attacks only occur when an unseen person breaks the windows of an Asian shop or house, or drunken White youths throw stones at a West Indian or a Bangladeshi, these are the type of crimes that are awarded the "Racial Attack" status that instigates a "Speedy Response" by the Police.

The Native population of Britain, have seen the erosion of our Civil Rights by the new Public Order Act, the destruction of our Freedom of Speech, by the Race Relations Act, and now we are being discriminated against and denied JUSTICE..

Those Nationalists that have tried to protest against this injustice have very often found themselves persecuted and imprisoned for their beliefs. In fact we are nearing the stage when we will be able to go to another country and claim "REFUGEE STATUS" under the terms of the 1951 Geneva Convention, that grants the RIGHT OF ASYLUM, if refugee's "HAVE BEEN PERSECUTED FOR POLITICAL REASONS, OR BECAUSE THEY ARE VICTIMS OF RACIAL OR RELIGIOUS PREJUDICE". That's how our masters at Westminster are treating us....

Editorial

The League of St George, in common with most European Nationalistic organisations, has often been described as being "Racist and Anti-Black" by the media, therefore I would like to use this opportunity to set the record straight, and publicly congratulate the Brave and Resoursfull BLACK POLICEMEN of the Namibian Police Tracker Unit "Koevoet" who successfully tracked through dense bush, 18 SWAPO Communist Guerrillas, and killed them in a fierce gun battle.
These Black Constables, who are mainly drawn from the Owambo tribe of Northern Namibia, are spearheading the fight for their race, against those that would wish to enslave them......
........WELL DONE...................

On Thursday April the 20th, I was invited to a memorial dinner in London, to celebrate the centenary of the birth of the German Nationalist Leader, Adolf Hitler.
Those in attendance were mainly drawn from the 20 to 40 age group, and were from various Nationalist Political Parties and Groups. As we mixed socially, the talk was not of the past, but of the future. Of the struggle that we all face to defeat the forces of evil that are intent on destroying both our Race and Nation.
"Searchlight" please note, not a jackboot in sight, just a dedicated group of men and women, giving thanks for the Spiritual Guidence, the Inspiration and Motivation that they have gained from the achievements of that Great Man.
The Struggle that he faced then, is the same Struggle that we face now, HE WON, SO CAN WE......................

STOP RITUAL SLAUGHTER

Sweden is the latest European country to ban the inhumane Shechita method of slaughtering animals. Calls for banning this ritual method of slaughtering livestock, widely used by the Jewish community, have now been made in Britain. The Shechita method, in which the unfortunate animal is secured in a metal pen, which then revolves, throwing the now terrified beast onto it's back, where it's throat is ritually cut, has been banned in Switzerland since 1893, Norway, since 1930, and Germany since 1933.

In an effort to stave off any legislation in Britain, the Jewish Religious authorities have been discussing a new style pen, which would keep the animal upright, whilst it's throat is cut, but there is strong opposition from traditionalists.

The stunning of animals before slaughtering is compulsory in Britain, and generally accepted as being the most humane method of dispatching the animal, but stunning before slaughter, is not allowed by both the orthodox Jewish (Kosher), or the Muslim (Halal) Religious authorities, and these are both exempt from British legislation.

It would be helpfull, if Members and Subscribers would write to their local MP's asking them if they intend supporting the bill to outlaw these primitive methods of slaughter, and also write to the managing directors of large retailers such as Tesco's, Sainsburys, Asda's, Gateways etc, asking them if the meat products in their stores have been slaughtered by the Shechita or Halal methods, or the more humane way.

Please then send us copies of their replies, which we will print, and then investigate, to see if the food Barons are telling the truth.

VIEWPOINT

NEW YORK: A young, well educated career womam, jogging in a public park, is ambushed by a 30 strong gang of black and hispanic youths. She is beaten with a lead pipe, kicked and then reapeatedly raped and sodomised. The women is white.

Earlier that evening, the same gang mugged a middle aged man, attacked a couple out cycling, and attacked and beat another jogger. All the victims were white.

Clearly, all of these incidents should be classified as "Racial Attacks", but the New York Police Department have so far declined to classify them as such.

The gang members themselves, have denied any Racial Motives for the attacks: They laughed and joked as they were remanded into custody, and commented "we were just out enjoying ourselves, the rape was fun".

As the man in the street reacted with horror over these crimes, the "race relations experts" moved in to justify the gangs actions.

"The boys were re-acting against the discrimination that they face because they are black", "This white women represented the symbol of the slave owning rich," "The boys have been brutalised by poverty, humiliated by discrimination, and this was their way of striking back". These are just a few of the statements issued by these race relations "experts" in New York.

The women victim lies seriously ill, deep in a coma. Public reaction demands the return of the death penalty in New York State.

If the unfortunate victim dies, and if the death penalty is re-instated, I sincerly hope that both the scum that committed this hideaous crime, and those that attempt to justify it, are executed at the same time. For they are BOTH EQUALLY GUILTY.......

The adoption of a Labour Club proposal, to elect Police Murderer Winston Silcott to the post of Honorary President of the London School of Economics Students Union, was a disgrace, but equally disgracefull was to be told that the LSE administration gives it's students union an annual grant of £240,000... All subscribed by the British Taxpayer

Congratulations, to Joe Elliott, lead singer in the "Def Leppard" rock band. Elliott, in a recent interview with a national newspaper, said " We are far too soft on killers, rapists and other nutters who pollute our streets". Elliotts remedy is to bring back hanging, and castrate rapists.....

THE GLORIOUS "20TH"

During the week in which the 20th of April fell, Nationalists all over the world, gathered together, in groups large and small, to celebrate the Centenary of the Birth of Adolf Hitler.

In Europe, there were large gatherings in both Germany and Belgium, but probably the largest was held in Spain organised by former SS General, Leon Degrelle.

In Austria, the authorities, fearing a pilgrimage to the "Bethlehem of National Socialism", Braunau amm Inn, actually went and sealed off the town, with Police, and barbed wire barricades. Several Comrades had managed to get into the town early, and held their celebration, but 20 more were arrested as they tried to gain entry.

Many Nationalists went instead, to Leonding, near Linz, and laid wreaths at the grave of Hitler's parents. While others travelled to lay flowers and wreaths on the grave of Rudolf Hess.

Other small groups, and some individuals, visited Berchesgarten, where the peace and tranquility have to be experienced, to be believed.

Predictably, the Zionist "dirty tricks department" was hard at work, and, a petrol bomb attack, causing minor damage to the offices of the San Diago Jewish Times, in the United States, a paint and egg attack on the "Holocaust Memorial" in London's Hyde Park, some swastica's daubed in a Jewish cemetary in Germany, were all blamed on "Nazi's celebrating the Birth of their Fuhrer"...

PALESTINE REPORT
by
Abdullah Ferodussi

Dear Friend,

It has been a very bad period for the Palestinian people since I last wrote to you.
Many Palestinian villages and Camps are now permanently under curfew for 12 hours a day. Some have been placed under 24 hour curfew for up to four days at a time, this makes life very hard. During the hours of curfew, anybody seen outside their house is shot at. The Israeli settlers come during the night and attack our houses and vehicles, they know that we dare not attack them, as we would be fired on by the occupation army, and our houses would be bulldozed down.

In Hebron, West Bank, over 200 Israeli settlers, many of them armed, attacked unarmed Palestinians, badly beating many, and smashed shop and house windows. This was during daylight, and the occupation army just stood and watched them.

In the village of Nahalin, West Bank, 19 Palestinians including a child of 12, were brutally murdered by these uniformed thugs. In Gaza, 21 people were injured by plastic bullets, IN ONE DAY. This brings to date, over 250 Palestinians, men women and children have been killed or wounded by the army, just in Gaza.

I understand that there have been calls in Britain to Boycott Israeli Goods and Produce, I hope that these calls will be answered, for we need all the help we can get.

Every day, Palestinian Men Women and Children, give up their lives in the struggle, and will continue to do so, until either victory is ours, or the Zionists murder us all.

Please continue to help us, please continue spreading the word of our suffering. May the Gods smile on us, and give us both victory.

"JUDAS" BETRAYS BRITAIN

In the wake of the Communist government's bloody murders, on the streets of Peking, and the chance to earn some quick and easy blood money, our masters have finally decided to sell our very Heritage, like some merchant at the marketplace. Residents of Hong Kong, will be allowed to become British Citizens, with full right of abode for them, and their dependants, for a measly £150,000, that's the price of a FULL BRITISH PASSPORT.

With the lease of Hong Kong expiring in eight years time, millions of ethnic Chinese, are now looking for new countries to take them, as they don't wish to join their kith and kin, as Chinese Citizens.

At first, our masters stated that Britain, could not, and would not, accomodate up to 3,500,000 ethnic Chinese that wish to come here, but now the chance of easy money has become too much of a temptation for our Masters.

A provisional figure of 50,000 new immigrants has been set, PLUS THEIR DEPENDANTS. Add to that, 180,000 Crown Servants, PLUS THEIR DEPENDANTS, as well as other "Stateless ethnic minorities" such as the large Indian Community, WHO WILL NOT BE GRANTED CITIZENSHIP BY THE CHINESE COMMUNISTS, and you begin to see the true scale of the next invasion of Britain.

There is also the evergrowing problem of the Vietnamese "Boat People", who arrive in Hong Kong, at the rate of 500 A DAY, and now total over 42,000. Will we be expected to take these as well ?

Our Masters tell us, that we have a duty to these "Refugee's from Communism", and they must be safeguarded, but this "Duty" didn't prevent Thousands of European "Refugees from Communism" being handed over by Our Masters to the Russian Communists after the last War, sending the anti-communist Ukrainians into Russian Death Camps.

No, the die has been cast, we the British people have gained no benefit from our masters occupation of Hong Kong, and we should not have to suffer the consequences, let JUDAS FIND SOMEONE ELSE TO BETRAY.

BRITISH LAUNCH. OF "LEUCHTER REPORT"

Representatives from the League of St George attended the recent press conference hosted by the noted Historian, Mr David Irving, to launch the book that has finally destroyed the "Gas Chambers" myth, THE LEUCHTER REPORT.

Mr Irving has written the forward to the book, and his company, Focal Point Publications, will distribute it.

The press conference was held at Mr Irving's London home, and was attended by members of both the National, and International press. Anti-fascist "stormtroopers" from Searchlight magazine, picketed outside the conference, handing out "Press Packages" purporting to have been produced by the Union of Jewish Students, but in reality were only photocopies of old Searchlight articles about Mr Irving.

The conference itself,was quite lively, with journalists doubting the validity of the evidence in the report, at which Mr Irving challenged them to duplicate the survey of the alleged gas chambers, and publicise the results, "and prove me wrong".

The Leuchter Report,clearly shows that there were never any Gas Execution Chambers in either AUSCHWITZ,BIRKENAU or MAJDANEK Concentration Camps.thus destroying the Holocaust Myth.

As they left the press conference, several of the journalists were photographed by the "Searchlight SS"outside, much to their annoyance

NATIONALISTS DO WELL, IN EURO POLLS

The Flemish Nationalist Party, VLAMS BLOK, won their first ever European Parliamentry seat, defeating both the Belgian Socialists, and the Flemish speaking Volksunie. This was the first time that VLAMS BLOK have contested the European Elections.

In France, despite the poor turnout at the polls, (49%), Jean-Marie Le Pen's NATIONAL FRONT, looked as if it would maintain their present position in the European Parliament.

The biggest Nationalist gain of these elections was undoubtably obtained in Germany, with the REPUBLIKANER Party, polling 7.1 % overall, giving them some six or seven seats in the new European Parliament. The REPUBLIKANER'S highest percentage was in Bavaria, where they polled 14.6 %.

In Italy, the SOCIAL MOVEMENT (MSI) polled 5.5 %, enough to give them three to four seats.

ARSON ATTACK ON NATIONALIST'S HOME

The home of the British National Party's Leicester Organiser, was badly damaged in an arson attack just two days before St George's day. "Old Comrade" John Peacock, was standing as the BNP's candidate in the Leicestershire County Council elections.

In the early hours of the morning, an incendiary device was pushed through the letterbox of his home causing £1,500 worth of damage, but even this didn't stop him from addressing his election rally the following day.

MURDER ATTEMPT IN FLANDERS

The Nationalistic Flemish people, seem to be changing from traditionally supporting the Flemish Volksunie Party, to the more militant Vlams Blok. Certainly the votes cast in Aalst recently, saw a massive swing to Vlams Blok, giving them 2 seats in Parliament, and 1 seat in the Belgian Senate. However, the election victory was marred by a Murder attempt on a Vlams Blok candidate, Paul De Winter.

Mr De Winter was out electioneering, when he was attacked by a "Defender of Democracy" armed with a knife ! Mr De Winter escaped injury, but a companion was badly wounded in the attack.

Mr De Winter won the seat, and willnow go on to stand as a VB candidate in the forthcoming European elections. This will be the first time that Vlams Blok have contested the Euro elections.

Meanwhile, local Police say they have no idea who the attacker, who managed to escape, could be. Friends in Flanders told League Sentinel that the Police don't seem to be all that anxious to arrest the would be murderer, and the Belgian press, like their British counterparts, are giving no publicity, to either the attack, or the Nationalist Victory.

Our "Old Comrade", Flemish Nationalist Roger Spinnewijn, summed up the attitude of the press, by saying, "Nothing has changed since the First World War, when thousands of European soldiers were being killed, then as now, THERE IS NO NEWS FROM THE WESTERN FRONT".
